Congratulations to Canberra wedding photographer **Kelly Tunney** who cleaned up at the 2012 Australian Institute of Professional Photography awards.

Tunney won five awards in the competition which attracted more than 900 entries from NSW and the ACT.

Her awards included photographer of the year, wedding photographer of the year and wedding album of the year. Tunney has been photographing weddings in Canberra for six years but has also been asked to cover weddings in London, Fiji and Greece.

But her talents extend beyond weddings. She's also been asked to exhibit her art photography at the Agora Gallery in New York in June.
